CAREER SUMMARY

I am a Web Developer (PHP, Laravel, MySQL) with experience of working on a variety of web development projects & business operations with sound knowledge in insurance operations, payment process and microfinance. I work on all aspects of the development life cycle, applying my knowledge of OOP and MVC principles. My past work includes building user-focused, dynamic, innovative, and functional websites using responsive / adaptive / mobile-first design and development.

KEY PROJECTS

I developed the websites of Rajshahi Range DIG and RMP with Laravel which includes the details information of all 8 district police of Rajshahi range. Along with the website it has a news portal with different categories and an admin panel made with Laravel to provide dynamic update facility to all the aspects.

I assisted developing the Office management system of Bangladesh Police Academy, Sarda. Which is developed with Laravel and has all parameters for managing an office. Also, I was a supporting developer for an online based tutorial portal and a yoga website.

CORE SKILLS

- PHP, Laravel, MySQL
- OOP, MVC & HMVC principles
- Proficient in RDBMS
- CMS – Wordpress, Opencart
- Performance optimization
